Skills

- HTML | CSS | JavaScript | Bootstrap | TypeScript
- Angular | React.JS
- MongoDB | C | C++ | Java | Object Oriented Programming

Experience

Associate Software Engineer Trysol Global Services Pvt Ltd Hyderabad, India 06/2023 - Present

Project: Hostel Management System

- Designed and implemented Hostel Management System (HMS) aimed at simplifying and automating hostel administration processes using HTML, CSS, TypeScript and Angular.
- The system features two main interfaces: one for administrators and another for students. The admin interface allows hostel administrators to manage and maintain all student-related information dynamically.
- Admins can easily add, update, and delete student records, assign rooms, and manage room details. On the student side, the interface provides a seamless user experience, enabling students to view available rooms.
- This integrated system enhances operational efficiency, minimizes manual effort, and creates a smooth, organized environment for both administrators and students.

Project: IT Inventory

- Designed and implemented Inventory levels aimed at simplifying and processes using HTML, CSS, TypeScript and Angular.
- Designed and implemented a comprehensive IT Inventory that revolutionized our company's approach to handling and tracking inventory.
- This robust system ensures real-time visibility into stock levels, order fulfillment, and product movements.
- This feature ensures that the organization maintains optimal inventory levels to meet customer demand.
- Developed an interactive and user-friendly dashboard that provides a quick overview of inventory levels.
