- HTML | CSS | JavaScript | BootStrap | TypeScript
- Angular | React.JS
- MongoDB | C | C++ | Java | Object Oriented Programming

Experience

Accociate Software Engineer	Trysol Global Services Pvt Ltd	*Hyderabad, India*	06/2023 - Present

Project: Hostel Management System

- Designed and implemented Hostel Management System (HMS) aimed at simplifying and automating hostel administration processes using HTML, CSS, JavaScript and ReactJs.

- The system features two main interfaces: one for administrators and another for students. The admin interface allows hostel administrators to manage and maintain all student-related information dynamically.

- Admins can easily add, update, and delete student records, assign rooms, and manage room details. On the student side, the interface provides a seamless user experience, enabling students to view available rooms.

- This integrated system enhances operational efficiency, minimizes manual effort, and creates a smooth, organized environment for both administrators and students.

Project: IT Inventory

- Designed and implemented Inventory levels aimed at simplifying and processes using HTML, CSS, JavaScript and React.

- Designed and implemented a comprehensive IT Inventory that revolutionized our company's approach to handling and tracking inventory.

- This robust system ensures real-time visibility into stock levels, order fulfillment, and product movements.

- This feature ensures that the organization maintains optimal inventory levels to meet customer demand.

- Developed an interactive and user-friendly dashboard that provides a quick overview of inventory levels.

Education

VNR Vignana Jyothi Institute of Engineering and Technology   **Hyderabad**

Bachelor of Technology in Information Technology

(B.Tech) CGPA - 8.14

Impulse Junior College   **Hyderabad**

Intermediate

Education Marks - 960
